

ECOPCO® AR·X

MULTI-PURPOSE INSECTICIDE

ACTIVE INGREDIENTS:	
2-Phenethyl Propionate	1.00%
Pyrethrin	0.40%
OTHER INGREDIENTS*	98.60%
TOTAL	100.00%

*Contains petroleum distillates

KILLS:

Ants, carpet beetles, carpenter ants, carpenter bees, centipedes, chocolate moths, clover mites, cockroaches, crickets, drug store beetles, earwigs, elm leaf beetles, millipedes, pillbugs, scorpions, silverfish, spiders, termites and trogdermas.

- Quick Knockdown
- Leaves No Visible Residue

Unscented

EPA Reg. No. 67425-15-655

EPA EST. No. 11623-GA-1

KEEP OUT OF THE REACH OF CHILDREN

CAUTION

See Back Panel for Additional Precautions and First Aid

NET CONTENTS: 17 OZ.

ECOPCO® AR·X MULTI-PURPOSE INSECTICIDE

EcoPCO® AR·X is a specifically formulated contact aerosol for the professional pest control operator for use in Homes, Offices, Hotels, Motels, Schools, Hospitals, Nursing homes, Day-care Centers, Factories, Warehouses, Stores, Supermarkets, Restaurants, Food Handling Establishments, Commercial or Institutional Kitchens, Food Processing Plants, Bottling Plants, and Transportation Equipment (Automobiles, Buses, Trucks, Trailers, Boats, Ships and Trains)

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Shake well before using.

Crack/Crevise and Void Treatments: Important: Use the injector nozzle tip provided. **Interior Treatments:** For crawling insects, inject into all crack/crevice and void spaces where insects may be crawling, hiding or living. Release approximately 1 second of product per crack/crevice application and from 2 to 3 seconds per cubic foot of closed void space treated. Apply more liberally for heavy infestations. Applications can be made, but are not limited to, behind baseboards, cabinets, walls, ceilings, door and window frames, and around water pipes and appliances. Ensure contact with as many insects as possible. Repeat as necessary. **Grain Weevils, Flour Beetles, Chocolate Moths, Drugstore Beetles, Trogdermas, and Elm leaf Beetles:** Inject into cracks and crevices and/or voids where these insects may be harboring, such as but not limited to, cabinets, pantries, wall voids and in machinery. Repeat treatment as necessary. **Food Handling Establishments:** In food areas, application limited to crack/crevice treatment only. Inject between different elements of construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases where insects hide. Avoid contact with food, utensils and food preparation equipment. **Exterior Perimeter Treatments:** For crawling insects, apply to cracks/crevices where insects may enter premises or harbor. Areas to be treated include, but are not limited to, weep holes, under siding, wall voids, soffits, around attic vents, windows, doors and pipes. Treatment of infested fences and tree holes is permitted.

Wood Destroying Insects (Localized Treatment): Beetles, Borers, Carpenter Ants, Carpenter Bees, Termites and Wood Wasps: locate suspected infestation and/or insect tunnels and cavities. Drill pilot holes 8 to 10 inches apart into insect tunnels, galleries and inaccessible closed voids. Inject 5 to 10 seconds per hole. Do not contact electrical wiring, plumbing, etc. when drilling. For carpenter bees, seal bee entrances after application. **Drywood Termites:** Probe to locate galleries, drill holes and inject 5-10 seconds spray per hole into active galleries. **Powder Post Beetles:** treat infested wood using injection tube. Apply small amounts directly into and around entrance holes.

EcoPCO® AR·X Multi-Purpose Insecticide will not stain carpet, floors or walls. Since it is impossible for the manufacturer to test all combinations of surfaces, fibers and coatings, good applications practices recommend that you test the spray in an inconspicuous area when treating a new fiber, paint or surface.

VOC compliant in all states.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or inhaled. Causes moderate eye irritation. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling. **Food Areas of Food Handling Establishments:** Foods should be removed or covered during treatment. Either cover food processing equipment or wash/wipe away any excess.

PHYSICAL and CHEMICAL HAZARDS: FLAMMABLE: Contents Under Pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment wash water or rinsate.

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **IF INHALED:** Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **IF ON SKIN OR CLOTHING:** Take off the contaminated clothing. Rinse the skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-222-1222 anytime (Poison Control Center) for emergency medical treatment information.

NOTE TO PHYSICIAN: Contains petroleum distillate—vomiting may cause aspiration pneumonia.

STORAGE & DISPOSAL: Do not contaminate water, food or feed by storage or disposal. **Storage:** Store in a cool, dry area away from heat or open flame. **Container Disposal:** Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Chemical Safety Information: Call 1-800-858-7378 (National Pesticide Information Center)

Limitation of Liability: To the extent consistent with applicable law, Prentiss Incorporated makes no warranties of merchantability, or of fitness for a particular purpose, or any other express or implied warranty except as stated above.
